PROFESSIONAL SUMMARY

Cybersecurity student at Benedict College with hands-on experience in Linux, Python, virtual machines, network scanning, and access-control logic. Honors Program and Dean's List student with a 3.52 GPA, plus proven teamwork and composure from emergency response and customer service. Seeking a cybersecurity internship to expand practical experience in security operations, networking, and digital forensics.

EDUCATION

Benedict College | Columbia, SC

Expected 2029

Bachelor of Science in Cybersecurity | GPA: 3.52 | Honors Program | Dean's List

CYBERSECURITY PROJECTS & TECHNICAL EXPERIENCE

Virtual Security Lab | *Independent / Coursework*

2025-Present

- Built and configured Linux virtual machines using Kali Linux, Parrot OS, and Metasploitable for authorized security practice and troubleshooting.
- Used Nmap and Linux networking tools to identify hosts, inspect ports, troubleshoot connectivity, and analyze network behavior.

Access Control Policy Engine | *Python Coursework*

2026

- Developed a Python policy engine that validates roles, authentication state, and requested actions before applying compound Boolean access-control rules.
- Created a multi-case test matrix covering expected allow/deny decisions, invalid input, and boundary conditions.

UA Innovate Hackathon | *3rd Place Team*

2026

- Collaborated with a team to develop and present a technical solution under a limited development timeframe, placing 3rd in the competition.

Portfolio Website | *HTML / CSS / GitHub Pages*

2026

- Built and maintain a personal portfolio site to showcase technical, creative, and project work, with source control hosted on GitHub.

TECHNICAL SKILLS

Programming & Web: Python, HTML, CSS, GML | **Systems & Security:** Linux, Windows, Virtual Machines, Nmap, Networking Fundamentals, TCP/IP, OSI Model, Command Line | **Tools:** PyCharm, Git, GitHub, Microsoft Office | **Languages:** English, Spanish (Conversational)

EXPERIENCE

Firefighter | *Chester Fire Department*

2023-2025

- Responded to emergency calls and supported fire suppression, rescue operations, and basic life support while working effectively under pressure.
- Assisted with fire investigations and maintained operational readiness through teamwork, communication, and attention to procedure.

Customer Service Worker | *Little Caesars*

2023-2026

- Supported high-volume daily operations while maintaining accuracy, efficiency, and customer service standards.
- Helped train new employees on workflow, teamwork, and customer interaction.

LEADERSHIP, ACTIVITIES & HONORS

Benedict College Honors Program | Member

2026-Present

Dean's List | Benedict College

Cybersecurity Outreach Presentation | Collaborated with peers to present cybersecurity concepts to students

2026

JROTC | Sergeant

2023-2024
